DLVN MONTHLY NEWS - February 2023

Previously at DLVN Social Club

Thank you to Bob Sjogren, The Villages Public Safety Dept Community Risk Coordinator, who provided an entertaining and informative presentation on safety programs offered in our community. Bob thoroughly explained the **"Smoke Detector Program"** that is offered by the fire department. A representative will come to your home and change the batteries (that you provide) in your smoke detector for free to residents of the Villages. You do need to call to make arrangements for this service

Bob also spoke about the CPR Family and Friends AED (automated external defibrillator) and the ECSI CPR/AED and First Aid Courses that are offered through his department for a fee. For more information on these vital courses please call the number on the card above.
