**A Note from Our President**

A committee has been established for the purpose of funding, acquiring and on-going management of AEDs (automated external defibrillators) across De La Vista North. A major source of funding for this program will be contributions from as many households as possible and other special events. The group met with Bob Sjogren from Villages Public Safety on 4/11 and a follow-up to that meeting on 5/16. A web page has been created for spreading information about the AED program, progress of the work group and other related information. The link below will take you to the AED page of our website where all the current information the group has is available.
